**Clinical Commissioning Group**

**North East Locality Group**

<b>Meeting date</b>	<b>Wednesday 12<sup>th</sup> September 2018</b>
<b>Name of presenter</b>	<b>Libby Furness, Head of Planning and Transformation</b> <a href="mailto:libby.furness@oxfordshireccg.nhs.uk">libby.furness@oxfordshireccg.nhs.uk</a>
<b>Organisation</b>	<b>Oxfordshire CCG</b>
<b>Title of Paper / Presentation</b>	
<b>Oxfordshire's Older People Strategy – Clinical Engagement</b>	
<b>Main message(s) for the locality</b>	
<p>During the CQC visit to Oxfordshire in the autumn 2017 it was noted that the current Older People Strategy was out of date (2013 -2016). As a consequence they recommended that the strategy be refreshed and linked to a frailty pathway.</p> <p>This work is being led by Oxfordshire CCG and Oxfordshire County Council on behalf of the Oxfordshire system. A paper to Oxfordshire's Health and Wellbeing Board in March 2018 outlined an approach to the development of the new strategy based on Co-production and engagement.</p> <p>An Older People's JSNA has been developed and we are currently in a period of engagement checking out, via an online survey, if the things people have told us in the past is still relevant and hearing from a range of voluntary and interest groups. These views will be collated into an engagement report at the end of September.</p> <p>We will be working with members of the public, stakeholders, managers and clinicians to co-produce a vision and priorities for older people as well as co-producing the style and content of the strategy (October 2018).</p> <p>The new strategy will sit under a new Health and Wellbeing strategy and be linked to the adult, carers and health promotion strategies. It will be presented to Oxfordshire Health and Wellbeing Board in November 2018.</p> <p>There will be a period of consultation through November and December 2018 with the strategy being finalised in the first months of 2019.</p> <p>The current strategy is a commissioning strategy and by its very nature focuses on services and ill health. We would like the new strategy to be more balanced and reflect the health and wellbeing needs of your locality and the people of Oxfordshire</p>	

Please submit the completed template to the relevant Locality Lead at least 7 days ahead of the meeting  
Please ensure that the completed document does not exceed 1 side of A4

<b>What would you like the localities to do?</b>
<p>As clinicians in the front line you know well the positive and negative impacts of growing older and the needs of those over 65years who you see in your surgeries.</p> <p>I would like to hear about the issues that you think are important to people as they get older and how these should be reflected in this new strategy.</p>
<b>Points for discussion/clarification to be addressed in the meeting</b>
<p>I would also like to hear how you want to get involved in the development of the new strategy and who might want to help co-produce the vision and priorities with us.</p>
