Brief information items for practices

All Paperless Referrals from October 2018:

There is a national requirement that from October 2018 all GP referrals to consultant led first outpatient appointments must be made via the NHS e-Referral System (e-RS). If a referral does not have a UBRN number then the provider will not be paid. In line with this OUHT will be going Paperless and only accepting eRS referrals for GP to consultant led clinics. Any referrals received after 1/10/2018 not on eRS will be returned to practices to put on the electronic system. In line with this the new GP contract will make use of eRS a requirement.

To reduce the risk for OUHT, a transition period will start where GP practices will be advised to start making sure all referrals are made by eRS with a proposed switch off date for non eRS referrals of 1/9/2018 or earlier if needed. More details will follow in the next few weeks. Please can you alert GPs and relevant administrative staff of this change. Any queries to OCCG.plannedcare@nhs.net

Gynaecology 2ww referrals and Colposcopy:

Patients are being referred on a 2ww pathway to colposcopy inappropriately which is causing problems. The [document here](#) indicates which patients should go where and the priority for the referral.

REMINDER: Gender Dysphoria data request:

OCCG is considering commissioning a service to carry out the initial and on-going prescribing and management of patients within Oxfordshire. We need more detailed information from all practices to support this. Please see the [attached document](#) for a detailed request for data from all practices by 17 April 2018.

MSK GP update March 2018

OCCG has updated the MSK GP summary – [available here](#) - to include:

- clarification that MSK ultrasound is only accessible via Healthshare referral rather than the community ultrasound provider
- note that Bone infection unit referrals do not go through Healthshare
- Reminder that any patient identifiable information sent to Healthshare must go via occg.healthsharemsk@nhs.net

GP Practice Application for Discretionary Funding Support (Section 96)

Contact occg.primarycarecontracting@nhs.net if you need the updated form.
