

Oxon CAMHS GP Locality Meetings paper 5 – City Locality Mtg 13.12.18

Oxon CAMHS New Model

SPA- How it works...

- Initial phone call taken by non qualified staff member
- Review by senior practitioner – decision for progression made
- All requests for service are triaged by the Senior SPA Practitioners, within a timeframe of 12 working hours
- Further contact with referrer as appropriate (eg: Risk)
- Inform referrer within three working days of decision
- Clinical phone support M-F 8-6 for all- Professionals and patients

SPA Performance (5 months)

- Averaging **630** referrals per month
- Averaging **210** telephone consultations in addition to accepted referrals per month, **360** in September
- At this point, in the majority of cases, we are managing to ensure that for every child / young person there is an outcome regarding their request for service **within 3 working days**, and we aim to have communicated this via letter to the family and referrer within 1 week.

SPA Developments

- Prioritisation of LAC, Child Protection concerns- highlight on referral
- EMIS Form to include LAC field and Child Protection field
- Introduced CGAS (Child Global Assessment Scale)
- Self Help packs; teen anxiety, child anxiety, low mood, exam stress, anger, self harm, self esteem (in production)
