

User Guidance

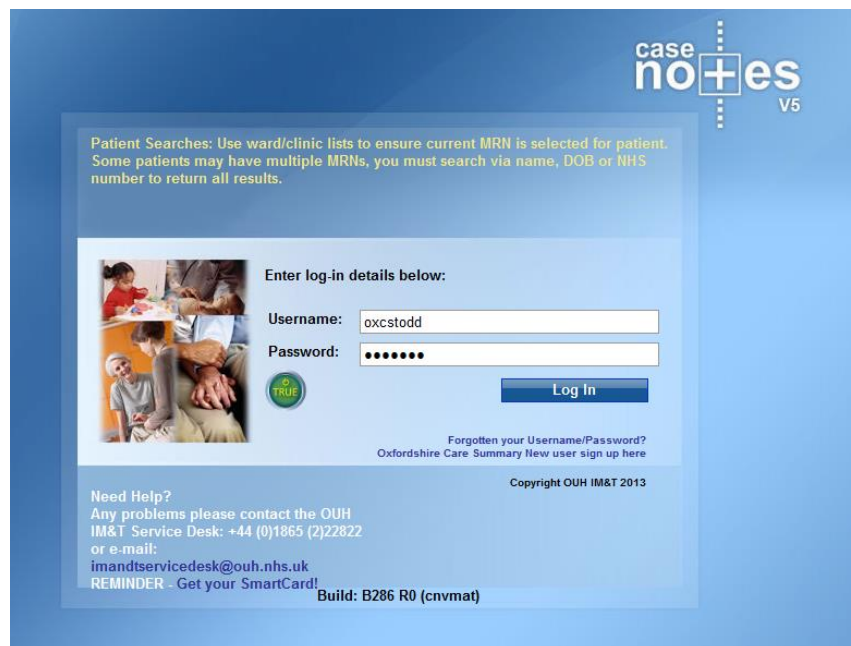

General Practitioners

Assumption: you are already in possession of an Oxfordshire Care Summary username/password. If this is not true, please refer to the [GP Guidance page](#) and select the *User Sign-Up/Upgrade to OCS account Guidance*.

Logging in to the OCS

1. Go To the OCS login page: <https://oci.oxnet.nhs.uk/casenotes/>

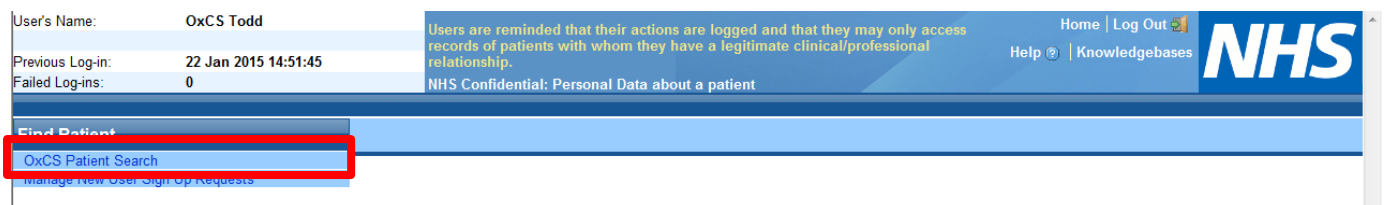

2. Enter in your username/pass word
3. Select **Log in**

The screenshot shows the 'case notes V5' login interface. It includes a header with the 'case notes V5' logo. Below the header, there is a section titled 'Patient Searches: Use ward/clinic lists to ensure current MRN is selected for patient. Some patients may have multiple MRNs, you must search via name, DOB or NHS number to return all results.' The main login area is titled 'Enter log-in details below:' and contains two input fields: 'Username:' with the value 'oxcstodd' and 'Password:' with masked characters. A 'Log In' button is positioned to the right of the password field. Below the login fields, there is a link for 'Forgotten your Username/Password?' and a link for 'Oxfordshire Care Summary New user sign up here'. At the bottom left, there is a 'Need Help?' section with contact information for the IM&T Service Desk. At the bottom right, there is a copyright notice for OUH IM&T 2013.

You should be taken to the landing page

4. Select **OxCS Patient Search**

The screenshot shows the OxCS Patient Search landing page. It features a header with the NHS logo and navigation links for 'Home', 'Log Out', 'Help', and 'Knowledgebases'. Below the header, there is a table with user information: 'User's Name: OxCS Todd', 'Previous Log-in: 22 Jan 2015 14:51:45', and 'Failed Log-ins: 0'. To the right of the table, there is a reminder about patient data access and a confidentiality notice. Below the table, there is a 'Find Patient' section with a red box highlighting the 'OxCS Patient Search' link. At the bottom, there is a link for 'Manage New User Sign Up Requests'.

- Type in the patient's **NHS number** and click on **Search**

NOTE: Please search using NHS number where possible, otherwise, you will need name, gender and date of birth

Search

OxCS Patient Search

Fields marked with the asterisk character (*) are mandatory.
Fields marked with the dagger character (†) may contain wildcards.

Important - Please Note

It is recommended that you only use the OxCS Patient Search when you cannot find the patient you are looking for through the standard Patient Search.

Surname* †

Gender* Unknown ▾

Postcode

NHS Number

Forename†

Date of birth*

GP Practice Code

Gender, Surname and Date of Birth are only mandatory if NHS number is not supplied

If you enter an NHS number then this will be the sole criteria used for the search, if you do not enter NHS number then you must supply at least Surname, Gender and Date of Birth (within a range)

The wildcard character * matches zero, one or more characters.

Certify

Oxfordshire Care Summary Self-certification: OxCS Todd (oxcstodd)

Welcome to the Oxfordshire Care Summary Self-certification Page

You are seeing this page as your Case Notes user status is not currently certified to use the Oxfordshire Care Summary, a portal providing access to up-to-date clinical information from across Oxfordshire.

To gain access, you need to:

- Undertake the Oxfordshire Care Summary training that's accessible from the [OCS user resource page](#)
- Read and agree to the terms and conditions below
- Click on the Certify option to complete the self-certification process and gain access to the Oxfordshire Care Summary

Terms and Conditions

☒ By selecting **Certify** here you are confirming you have undertaken the Oxfordshire Care Summary training and agree to abide by the following terms and conditions.

- You understand and will comply with the approved consent model**
 - You should seek a patient's permission to view their Oxfordshire Care Summary wherever possible. If you cannot, you may break glass to override the need for permission, but **you should inform the patient you have done so**, and must be able to justify your actions if challenged
 - A patient may withdraw their consent to share by contacting their GP practice
- You will only look at data for patients whose care you are involved with.**
 - Unauthorised access to patient data, including your own, will be recorded, will be visible to other users and may lead to disciplinary action
- You understand that it is your responsibility to verify that you are accessing the correct data**
 - The primary identifier used by the portal is the NHS number, which should be used at all times
 - For further verification you should check the patient demographics
- You understand that not all GP practices have agreed to share their data with the Oxfordshire Care Summary**
 - This means that even if a patient has consented to share their data, the portal is unable to provide it
 - For a list of practices who have not agreed to share, please contact the project team at oxfordshire.caresummary@nhs.net
- You understand that the Oxfordshire Care Summary does not contain the full clinical record from any system**
 - For a complete list of all the data items available, please check the website: <http://www.oxfordshireccg.nhs.uk/your-health/oxfordshire-care-summary/>
- Please note that your self-certification and use thereafter of the Oxfordshire Care Summary will be monitored and audited. Misuse is a disciplinary offence**

If the patient has not consented to share, the following message will appear:

Record Patient's Permission-to-view Status

Oxfordshire Care Summary Unavailable – Patient has not Consented to Share

This patient Nic-Qtp-Donotuse Xdtestpatientrbui (NHS: 9990261970 DOB: 09 Jun 2007 SEX: Male), has declined to share their information with the Oxfordshire Care Summary. If the patient wishes to change their mind, they must inform their GP practice.

If no patient record is held on the Oxfordshire Care Summary, the following message will appear:

OxCS Patient Search Results

No Match Found

No results returned from OxCS patient search or too many hits identified by MIG search service (maximum is only 50), try altering/refining your search.

[New Search](#) [Refine Search](#)

- Complete permission to view status when prompted and click on **Confirm**

[Confirm](#) [Reset](#) [Cancel](#)

Record Patient's Permission-to-view Status

You are seeing this message because you do not currently have permission to view this patient's Oxfordshire Care Summary. You are required to record the type of permission you have received from the patient or the patient's legal guardian/advocate. By accessing the Oxfordshire Care Summary you are confirming that you have a current clinical responsibility for patient, NIC-QTP-DONOTUSE XXTESTPATIENTRCPY (NHS: 9990268150 DOB: 10 Jun 1944 SEX: Female), please make sure you have selected the correct patient.

Please select one of the following options:

| Permission sought from: | Permission-to-view status | | | | |
|--|-------------------------------------|---|--|---|---|
| | Permission granted: until discharge | Permission granted: this clinician, once only | Permission assumed: justified in the best interests of the patient | Permission refused: no further action | Permission refused: BREAK GLASS |
| Patient | <input checked="" type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> Please give details | <input type="radio"/> Please give details |
| Parent / guardian | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> Please give details | <input type="radio"/> Please give details |
| Health and welfare lasting power of attorney | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> Please give details | <input type="radio"/> Please give details |
| Patient not present | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> Please give details | <input type="radio"/> Please give details |
| Patient physically or cognitively unable to grant permission | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> Please give details | <input type="radio"/> Please give details |

PLEASE NOTE: Permission assumed should be selected when the patient cannot answer because they are not able to confirm permission. Permission refused means the patient has actually denied permission to access their data.

- Select the required information from the left panel. Information is presented in tabs by category and source
