

## Weekly PCN Newsletter – 20 December 2019

### **For action:** NHS England maturity index return

The CCG is required to submit a Primary Care Network Maturity Matrix return to the ICS and then to NHS England by Tuesday 7 January 2019. The purpose of this is to capture the 'baseline' of PCN maturity prior to spending the PCN development support monies. We have completed (hopefully helpfully) a draft template for all PCNs indicating that they are at Foundation level for each of the domains. Please let us know if you think that your PCN should 'score' differently in any of the domains. Please can we have any returns by Monday 6 January 2019 after which time we will assume that no response means you are happy with our assumption. In the meantime, we would be happy to discuss any issues. Please contact Julie Dandridge on 07826533286 who will be working over the Christmas period. We attach the maturity matrix which has more details (attachment 1 and 2).

### **For action:** Additional Role Reimbursement

Please can you ensure that you use the additional role reimbursement form attached (attachment 3) each PCN will need to complete the workbook by **5<sup>th</sup> of each month** and submit one form per PCN to [OCCG.PCN@nhs.net](mailto:OCCG.PCN@nhs.net)
