CRUK Offer of Support to Practice Staff

Due to the financial impact COVID has had on charitable organisations, support on offer is having to be streamlined.

However our fantastic GP Facilitator team from CRUK are keen to ensure that Practices are still supported as much as possible over the next few months, especially in light of the new DES and QI Cancer Module requirements.

Therefore, we are able to offer the following support;

- **DES / QI Module Preparation and Reviewing of Data**
- **Safety Netting**
- **Non-Clinical Staff Training (cancer awareness and cancer screening)**

All training will need to be *delivered at a PCN level*. Each PCN has access to *1 hour of support* from CRUK, this can be used to cover one or a combination of the following;

Support will be available between October and December 2020

Please get in touch with the facilitator team to discuss further and arrange a session for your PCN.

Hannah Hollis Hannah.Hollis@cancer.org.uk /

Louise Forster Louise.Forster@cancer.org.uk

If you have any queries please contact occg.plannedcare@nhs.net

Many Thanks

Zoe Kaveney

Cancer Programme Manager – Oxfordshire and Buckinghamshire CCGs
