Time in Treatment Range	31/03/21	Price change remains one payment for each patient seen in the quarter. i.e. patients receiving one of the listed drugs who have had blood taken in line with the guidance in the specification. Data is taken by the CSU quarterly so any changes to coding in a quarter need to be communicated to them for the end of year reconciliation so they know to extract each quarter again. Contact for clinical lead pending change

***Important note:** SNOMED CT is the clinical terminology chosen to replace Read codes within the NHS. Coded information that is currently received from GP systems is as Read codes; this will change to SNOMED CT following implementation which is now scheduled for later in 2019 in England. Snomed codes will be confirmed at a later date, the specifications currently show Read codes.

Minor Surgery

This is not a LCS but a DES delegated to OCCG – specification for 20-21 at:

<https://www.oxfordshireccg.nhs.uk/professional-resources/documents/primary-care/GMS-contract-documents%20and%20guidance/minor-surgery-des-2020-2021.pdf>

This includes the addition from 20-21 of punch biopsy
